开机后，设备首次使用，默认已复位，听到语音提示，表示摄像头启动成功。
 After powering on, the camera defaults to factory reset during the first use. A voice prompt indicates that it turns on successfully.
 Nach dem Einschalten wird die Kamera beim ersten Gebrauch automatisch auf Werkseinstellungen zurückgesetzt. Eine Sprachaufforderung zeigt an, dass sie sich erfolgreich einschaltet.
 Tras encenderla, la cámara entra de forma predeterminada en el reinicio a fábrica cuando se emplea por primera vez. Un aviso de voz indica que se ha encendido correctamente.
 Après la mise sous tension, la caméra revient par défaut à la réinitialisation d'usine lors de la première utilisation. Une invite vocale indique qu'elle s'allume correctement.
 Al primo avvio la telecamera è impostata con i settaggi di fabbrica. Un segnale vocale avvisa che l'accensione è avvenuta correttamente.
 После включения питания в камере будут установлены параметры по умолчанию, которые применяются при первом использовании. Голосовая подсказка указывает на то, что включение выполнено успешно.
 Após ligar, as definições padrão de fábrica reseta durante o primeiro uso. Uma voz prontamente indica que foi ligado.

3

当设备更换用户使用时，需长按摄像机底部“RESET”键3秒直到听到“复位成功”，等待设备重启完成后，根据语音提示进行下一步操作。
 If change users, please long press "RESET" button for 3s on the bottom of the camera until you hear "Reset success", then operate the next step following the voice prompt after successful reboot.
 Wenn Sie den Benutzer wechseln, halten Sie bitte die "RESET"-Taste 3 Sekunden lang an der Unterseite der Kamera gedrückt, bis Sie hören, dass die "Reset success" ist und führen Sie dann den nächsten Schritt nach dem erfolgreichen Neustart entsprechend der Sprachaufforderung aus.
 Si cambia de usuarios, pulse durante un periodo de 3 segundos el botón "RESET" situado en la parte inferior de la cámara hasta que oiga "Reset success", posteriormente, realice el siguiente paso siguiendo el aviso de voz tras realizarse el reinicio correcto.
 Si vous changez d'utilisateur, appuyez longuement sur le bouton "RESET" pendant 3 secondes au bas de la caméra jusqu'à ce que vous entendiez "Reset success", puis passez à l'étape suivante qui suit l'invite vocale après un redémarrage réussi.
 Se cambia l'utilizzatore, vi preghiamo di premere per 3 sec. il tasto "RESET" sulla parte superiore della camera finché non sentite il messaggio "Reset success". Quindi procedete al passo successivo seguendo le istruzioni vocali dopo che il riavvio è avvenuto con successo.
 Чтобы изменить пользователя, в течение 3 секунд выполняйте долгое нажатие кнопки «RESET», расположенной внизу камеры, пока не услышите сообщение: «Reset success». После успешной перезагрузки следуйте голосовой подсказке и переходите к следующему этапу.
 Caso for mudar de usuário, pressione na câmera o botão "RESET" por 3 segundos até ouvir "Reset Success" – redefinido com sucesso, então continue o processo seguindo as instruções da câmera

FCC Warning

Changes or modifications not expressly approved by the party responsible for compliance could avoid the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Hereby, Shenzhen Sonoff Technologies Co., Ltd. declares that the radio equipment type GK-200MP2-B is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address:
